

# 4. Visioning Work

One of the primary responsibilities of the Board is visioning. Board discussion and actions consider the church's purpose, meaning, impact and relevance. How the church's values, mission and ends will influence our future impacts is at the heart of all Board work. This work is done in collaboration with the Ministry team.

This Feb 2026 handbook revision is occurring as a new Visioning process is underway for the 2025-26 church year. It will be updated here upon its completion. The current Vision is located in Board Policy 1.1.3 *Our Bold Vision*.
