- **Current Inventory:** [Add location and quantity]

Archive & Preservation

All finalized files related to each publication should be stored in the [Foothills Publications Shared Drive](#). This includes:

- **Print-ready PDFs:** Final interior and cover files as submitted to printer/POD services
- **Source files:** InDesign, Word, or other editable format files
- **Cover design files:** High-resolution artwork, fonts, and layered design files
- **Ebook files:** EPUB, MOBI, or other digital format files
- **Proofs:** PDF proofs from vendors for quality control reference
- **Specifications:** Trim size, paper stock, binding type, and other production details
- **Vendor communications:** Quotes, invoices, and correspondence related to production

- **Marketing materials:** Press releases, promotional images, catalog copy

File Organization:

- Create a separate folder for each title
 - Use consistent naming conventions (Title_Format_Version_Date)
 - Update the shared drive immediately upon project completion
-

Notes & Best Practices

ISBN Best Practices

- Each format requires its own ISBN (paperback, hardcover, ebook, audiobook, etc.)
- ISBNs cannot be reused or transferred between editions
- Register changes to book information through MyIdentifiers.com
- Keep detailed records of all ISBN assignments

Copyright & Legal

- Copyright registration: [Add process if applicable]
- Permissions for quoted material: [Add checklist]
- Contributor agreements: [Add storage location]

Archive & Preservation

- Master files stored: [Add location for print-ready PDFs, cover files, etc.]
 - Backup schedule: [Add frequency and method]
 - Version control: [Add naming convention or system]
-
